

# School & Public Library Cooperation

## How and Why We Should Care

**Wednesday, March 10, 2010**  
**10:00 am – 3:00 pm**  
**Canandaigua, NY**

With budgets shrinking and demand for library services increasing, school and public libraries can create partnerships and strategies to share successes, challenges, and more to benefit not only the students, but themselves and parents. Practical and proven advice will be shared along with concrete ideas for implementation as well as time for brainstorming for their particular situations.

Attendees will:

- interactively develop partnership strategies
- leave with a better understanding of how schools and libraries can work together to benefit their students
- leave with a possible list of projects from which to start a partnership
- leave knowing that they are not alone!

### Who should attend?
