Engage your community and make life easier with tools designed for your library and your mission.

**Manage**

**SignUp**
Easily manage and promote events. You’ve built great programs. Let SignUp help you bring these programs to the people. Offer convenient registration and text reminders about upcoming events.

**Spaces**
Simplify room reservations. Your beautiful spaces are an asset for your community. Make them more accessible with Spaces software. Plus, eliminate double booking and gain robust reporting.

**D!BS**
Book study rooms on-the-go. With D!BS, students and faculty can use smartphones or mobile devices anytime to locate and reserve unoccupied study rooms.

**Engage**

**brainHQ from Posit Science**
Help patrons fight the signs of aging. Healthy brains think faster, focus better and remember more. BrainHQ™ is an online resource, delivering life-enhancing brain fitness exercises that enhance adult programming at your library. Steeped in science and clinical research, BrainHQ is also unique in the level of proof of effectiveness that it provides.

**Go Mobile**

**boopsie®**
Offer a customized mobile app for one-click access to all library assets. Customized Boopsie mobile apps put all of your resources and services in one convenient place for people to access 24/7 on smartphones and tablets.

BrainHQ and Posit Science are trademarks or registered trademarks of Posit Science Corporation in the United States and other countries.
