Special Thanks to Our 2015 NYLA Annual Conference Sponsors:
Welcome to Lake Placid! We are so excited to be here as we return for our 125th anniversary. This conference is a result of hours of hard work by our amazing volunteers and incredibly dedicated NYLA staff. None of this would be possible without you. Our association relies on amazing and talented people from across the library community for our continued success. Thank you for being here.

Lake Placid is a great place to explore. Visit the trade show, talk with the vendors and be sure to thank them for coming and supporting our conference. They are our essential partners in creating this conference. Make sure to explore Lake Placid. They have been incredible hosts, welcoming us with open arms. The downtown area is charming, the restaurants top notch, and the Adirondack scenery is second to none.

Learn from the diverse offerings at sessions, continuing education classes, and special events. Make sure you don’t miss a chance to be inspired by R. David Lankes in his keynote address. When you return home, share what you have learned with others and implement what you have seen.

Grow by taking full advantage of the great opportunities to meet and discuss ideas with your colleagues. For 125 years, the strength of our organization has been our people. Be sure to leverage that strength and build relationships that will help make New York libraries more resilient in the future.

Help NYLA celebrate 125 years & continue to lead, educate, & advocate for the New York library community!

To make your contribution, please visit the registration desk.
This year NYLA celebrates its 125th anniversary (45,625 days). 45,625 days ago Melvil Dewey, one of NYLA’s founders, saw the future of libraries in standardization, efficiency, and industrialization. 45,625 days ago the future of libraries was in shared structures, shared methods, and librarians devoted to the maintenance of institutional libraries. On day 45,626 this is the formula for disaster. On day 45,626 the future of libraries is in librarians building libraries around the unique communities they serve. The success of the next 125 years is intimately tied to the success of the counties, cities, towns, and villages of New York. Our next 125 years is in the dreams and aspirations of New York’s citizens, students, and scholars, not our stacks.

R. David Lankes is a professor and Dean’s Scholar for the New Librarianship at Syracuse University’s School of Information Studies and director of the Information Institute of Syracuse. Lankes has always been interested in combining theory and practice to create active research projects that make a difference. Past projects include the ERIC Clearinghouse on Information and Technology, the Gateway to Education Materials, AskERIC and the Virtual Reference Desk. Lankes’ more recent work involves how participatory concepts can reshape libraries and credibility. Lankes is a passionate advocate for libraries and their essential role in today’s society. He also seeks to understand how information approaches and technologies can be used to transform industries. In this capacity he has served on advisory boards and study teams in the fields of libraries, telecommunications, education, and transportation including at the National Academies. He has been a visiting fellow at the National Library of Canada, the Harvard School of Education, and the first fellow of ALA’s Office for Information Technology Policy. His book, The Atlas of New Librarianship, won the 2012 ABC-CLIO/Greenwood Award for the Best Book in Library Literature.

LAMS Leadership Luncheon: Failure FTW (“for the win”) – SOLD OUT
Friday, October 23
12:30 PM – 2:00 PM
Conference Center / Lussi Salon C
There are a lot of variations on this line by TripAdvisor founder Stephen Kaufer: “If we’re not failing at something on a regular basis, we’re just not trying hard enough.” These words resonate with us, because failure is something we tend to fear, perhaps irrationally, and also something we tend to evaluate poorly from a mathematical perspective since humans are innately awful at probability. So let’s talk about failure, figure out how to go about failing, and how to work failure into our schedules and budgets.
The presenter will be Brett Borinfeld, the director of the Collingwood (NJ) Public Library, a founding editor and board member of the Library with the Lead Pipe, a founding advisory board member, and a co-chair of Library Pipeline.
Brett graduated from Drexel’s library school in September 2007 and taught a course there in 2011. He was named a Mover & Shaker by Library Journal in 2012. One of the best decisions he ever made was enrolling in the LIS Ph.D. program at Rutgers University. Another of the best decisions he ever made was leaving the program, three years later, without completing his doctorate.

CE-A: Balancing the Books: Finance Basics for Librarians
Sponsor: PLS
Full Day 10:00 AM – 5:00 PM
Many librarians, particularly those working in administration or acquisitions, have jobs that demand budgeting and accounting know-how. Many of these same librarians have little to no financial management training. This CE aims to address some of these gaps. Topics to be covered include the purpose of various financial reports, how to read financial statements, what kind of general accounting principles apply to different types of libraries, budgeting strategies, what to expect from an Office of the State Comptroller audit, and other questions from library staff who have an MLS but sometimes feel that they need an MBA. The day will include small group sessions broken down by library type.

Presenters:
Tom Lawrence, Poughkeepsie Public Library District
Lauren Moore, Pioneer Library System

CE-B: So You Want to Make a Makerspace: Practical Tips, Tricks, Strategies, and Solutions for Bringing Making to Your Library
Sponsor: NYLA-CEC
Full Day 10:00 AM – 5:00 PM
At NYLA Annual 2015, the first annual NYLA Makers Showcase served as an opportunity for informal information and idea sharing regarding the state of making, STEM learning, and entrepreneurship in libraries across New York State. An overwhelming number of attendees expressed that they are in the process of starting a maker’s club, applying for a making grant, developing a makerspace, or exploring possibilities around making at their libraries. Questions about making in libraries have shifted, no longer revolving around the “whys” but instead focusing on very specific “how’s,” and “then what’s.” Come to this daylong session to get those “how’s” answered and to learn how easy it is to “make the making” at your library! Find out more about what one public library has learned since identifying making as a core part of their mission over four years ago. Get hands-on training on maker technologies you can use with your users!

Presenters:
Leah Kraus, Fayetteville Free Library
Peter Cipolla, Fayetteville Free Library
Mike Cimino, Fayetteville Free Library
Heather Matzel, Fayetteville Free Library
Susan Considine, Fayetteville Free Library

CE-C: A Pathway to Normalcy: Libraries Partnering with Emergency Planners to Build Greater Community Resilience
Sponsor: NYLA-CEC
Half-Day AM 10:00 AM – 1:00 PM
Is your library ready for the next disaster or major service disruption? Has your library partnered with emergency planners to build greater community resilience? If you answered no to either of these questions, then this preconference is for you.
- Attendees will be provided simple takeaway tools, including a one page disaster plan, to improve library preparedness
- Emergency planners will speak about ways libraries can assist them in planning activities
- Representatives from New York libraries who have dealt with a major service disruption will share their ideas and lessons learned

Finally, attendees will hear about follow-up award opportunities from the National Network of Libraries of Medicine (NN/LM) that can be used to aid emergency preparedness & response activities in their communities.

Presenters:
Dan Wilson, University of Virginia
Claude Moore Health Sciences Library
Shakira Smalls, Queens Library at Arverne
Vickie Souer, Monroe County Office of Public Health Preparedness
Kate Frewelling, National Network of Libraries of Medicine

CE-D: Professional Writing for Librarians
Sponsor: ASLS
Half-Day PM 2:00 PM – 5:00 PM
Get motivated to turn your creative ideas into articles for library journals and identify appropriate publishing opportunities. Discover ways to generate research ideas through regular job duties, patron interactions, coursework, and grants. Learn how to create a consistent online presence on Google Scholar, ORCID, and/or your institutional repository; where you can also keep track of all types of scholarly work. Bring your own topics or drafts, and we will work on them together.

During this session prospective authors will learn how one librarian wrote and published articles as a sole author, co-author, and with a group of authors. Creative opportunities and projects abound in and around the library; the hard part is converting these projects into publishable material. Learn how to take ideas and projects and publish them as scholarly articles for library journals. Identify publishing opportunities: both “traditional” journals and open access titles and peruse helpful publishing resources.

Presenter:
Jennifer Little Kegler, College at Brockport, SUNY

CE-E: VolunTeens 101
Sponsored by: YSS
Half-Day PM 2:00 PM – 5:00 PM
In this CE, we will cover both formal and informal VolunTeen programs. The formal program will include standardized training, a standardized/online shift calendar, an online shift tracker, and procedures for finding substitutes. The informal program will cover typical tasks that only require on-the-job training and allow for flexible scheduling—perfect for school libraries. Even if you have never had a VolunTeen program at your library, you will leave with the knowledge and templates necessary to start a program of your own. You will learn several methods to recruit VolunTeens, the most effective way to train large groups of VolunTeens, how to best track and motivate participation, how to successfully manage your VolunTeens without losing your mind, and how to retain VolunTeens from year to year.

Badges
To ensure admittance to programs and exhibits, NYLA requires you to wear your badge while attending conference events. If you lose your badge, a replacement will be provided for $1.00.

Trade Show Fast Passes
People who want to see the exhibits without registering for the conference must purchase a trade show fast pass at the conference registration desk. Daily trade show fast passes cost $10. Passes may be used to enter the exhibit hall only during exhibit hours.

Future NYLA Annual Conferences
2016 – November 2 – 5, Saratoga Springs, NY
2017 – November 8 – 11, Saratoga Springs, NY
2018 – November 7 – 10, Rochester, NY

Local Information
The Lake Placid Conference and Visitors Bureau has provided information on local restaurants and attractions, available in the lobby of the Conference Center. Additionally a listing of local restaurants can be found on page 5.

Message Board
A message board will be located near the NYLA Conference Registration Desk and used by NYLA staff to notify conference participants of schedule and meeting room changes. Conference participants may also post messages.

NYLA Membership Application
Are you a NYLA member? A personal NYLA membership application is available online at nyla.org. If you are not a member, join now to take advantage of NYLA membership benefits throughout the year.

Observers at Meetings
NYLA welcomes observers at committee and board meetings.
Please: (1) notify the committee or board chair in advance that you plan to attend, (2) keep in mind the obligations of the committee or board to transact NYLA business, and (3) be aware that space restrictions may limit the accommodations of observers. Conference registration is required.

Safety Tips
Do:
- Keep a list at home of the credit cards and identification you plan to take with you. It will be hard to count on your memory if these items are lost.
- Carry with you the name, address, and telephone number of an individual to contact in case of an emergency.
- Be sure to carry a card describing any medical difficulties.
- Take as little cash as possible. Carry traveler’s checks and credit cards to cover your expenses.

Do Not:
- Display large amounts of cash when paying for taxis, tips, etc.
- Leave luggage unattended. Keep it in full view at all times. If your hotel room is not available when you check in, see the front desk of the hotel.
- Wear your name badge on the street.

Tax Deductible Expenditures
“Tax deductions for educational expenses,” Treasury regulation #1.162.5, permits an income tax deduction for educational expenses (registration fees and cost of travel, meals and lodging undertaken to (1) maintain or improve skills required in one’s employment or other trade or business or (2) meet express requirements of employment, job status or rate of compensation.)

If you are employed by a not-for-profit organization and wish to have your room tax waived, payment must be made by the institution’s check or credit card claiming tax-exempt status and a copy of the organization’s tax exempt form must be presented to your hotel prior to or upon check-in.

Unused Tickets Onsite / Ticket Exchange
Registrants having event tickets they will not be using are asked to donate them back to NYLA at the registration desk in the Conference Center. The New Members Engagement Subcommittee (NMES) is coordinating re-distribution of unused event tickets. If you are in need of an event ticket, you may check at the NMES booth to inquire about availability of unused tickets.
