Geek Fest

Geek Fest is an all-day event hosted at the Bellmore Memorial Library on Saturday, October 25th from 10 to 10 (or thereabouts!).

Geek Fest is part of the Geek the Library initiative of the four libraries of the Bellmore-Merrick Central High School District. Its goal is to raise awareness of what your public library can offer to you. What do you geek? The Library can help to feed your passion.

In the coming year related events will be held at the North Bellmore, Merrick, and North Merrick Libraries. So bookmark this page—the information will be here.
